

West County

SMALL-BATCH FOOD PRODUCERS

Rural Commonwealth wants to help you find affordable commercial kitchen space in western Franklin County.

We're launching a pilot project that matches food producers like you with space in local commercial kitchens. Space will be available in 2018, and producers are signing up now.

To let us know what you need in a commercial kitchen (such as equipment, location, and hours) and to reserve your space, please visit: www.ruralcommonwealth.org/kitchens or call 413-824-2593
