News from Mrs. O: Hello! The garden is planted and the bees are thriving! Students are busy in the classroom and out in the woods learning, playing, and working together. It seems like a bad time for summer vacation! However, I think most students and teachers would agree that the break is a good thing. I am hoping that all the upper grade students will continue to practice their multiplication facts and read daily for at least 1 hour over the summer break. When that occurs, you can return to school well rested and ready to jump right into a new school year.

We will be hatching out our last batch of chickens next week. The chickens will return to school in the fall. The eggs will be used in the kitchen and we hope to have some for sale as well. We have accomplished so many of our goals this year and have set new ones for the future.

The garden at school needs volunteers to weed and water over the summer break. If your family is interested in helping to maintain our outdoor classroom please give me a call and we can coordinate the times. If you are interested in working in the garden this summer please call Kimberly Orzechowski at 339-5856 or [413-339-4480](tel:413-339-4480), you can email at korzechowski@hr-k12.org as well.

I would like to thank all the families, friends, and community members who have helped this year. Have a wonderful summer and I look forward to seeing you all in August!
