ARTICLE THIRTY-FIVE: To see how the Town will act on a Citizen Petition, the full text of which is as follows:

Proposal to amend Zoning By-Law Section V.I Dimensional Requirements

On January 14th, 2021, the Governor signed into law *An Act Enabling Partnerships for Growth* (the "Act"). The Act is a sweeping economic recovery and reform bill which includes several changes to the Zoning Act, G.L.c.40A. The provisions of this Act are a response to the profound housing affordability crisis

in the state of Massachusetts. To increase housing choice, the Act makes it easier for municipalities to amend their zoning bylaws and ordinances to allow for changes that enable multifamily, mixed use development or increased housing density.

The Town of Worthington has the highest median house value of any surrounding town. Given the lack of affordable housing, the proposed By-Law change would decrease the required frontage, enabling more homes to be built using the existing roadways and infrastructure of the Town. Decreased lot frontage will also provide lower cost building lots, making it more feasible to construct starter homes for young families in the community.

This is a petition to place an article on the agenda for the annual Town Meeting currently scheduled for Saturday May 1, 2021. This petition has been signed by the required number of people and the signatures have been verified by the Town Clerk:

To see of the Town will vote to amend the first sentence of Zoning By-Law Section V Dimensional Requirements: 1. A Dwelling, principal building or principal structure hereinafter erected shall be located on a lot having not less than a minimum area of two (2) acres and a minimum frontage of 400ft measured contiguously along a single street, either public or private, which the lot abuts.

The proposed amendment would reduce the frontage requirement of this section from 400' to 280'. The amended By-Law Section V.I reads as follows:

Section V- Dimensional Requirements

1. A Dwelling, principal building or principal structure hereinafter erected shall be located on a lot having not less than a minimum area of two (2) acres and a minimum frontage of 280ft measured contiguously along a single street, either public or private, which the lot abuts.

;or otherwise act thereon.

ARTICLES FOR FY 2020

ARTICLE THIRTY-SIX: To see if the Town will vote to pay a prior-year bill in the amount of **\$27.02** to Nutmeg International Trucks, Inc. from the FY21 Fire Expense Account, or take any other action in relation thereto.

And you are directed to serve this warrant by posting attested copies thereof at the Town Hall and outside at Corners seven days at least before the time of said meeting.

Hereof, fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands April 23, 2021

I have served this warrant as directed.

GLOSSARY

APPROPRIATION: An authorization granted by a Town Meeting to make expenditures and to incur obligations for specific purposes. A "specific" appropriation is carried forward year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

AVAILABLE FUNDS: Free Cash, reserves and unexpended balances available for appropriation.

CHERRY SHEETS: Named for the cherry colored paper on which they were originally printed, the Cherry Sheets are the official notification of the next fiscal year's state aid and assessments to communities and regional school districts from the Commissioner of Revenue. State aid to municipalities and regional school districts consists of two major types -- distributions and reimbursements. Distributions provide funds based on formulas while reimbursements provide funds for costs incurred during a prior period for certain programs or services. In addition, communities may receive "offset items" that must be spent on specific programs. Cherry Sheet Assessments are advance estimates of state assessments and charges. Local assessors are required to use these figures in setting the local tax rate. Because these figures are estimates, it should be noted that based on filing requirements and/or actual information, the final aid or assessment may differ.

ESTIMATED RECEIPTS: Estimate of money to be received by the Town from various sources, such as MVE excise, licenses, fees, state reimbursements, etc. The estimate is deducted by the Assessors from the gross amount to be raised by taxes when the tax rate is set.

EXCESS LEVY CAPACITY: The difference between the levy limit and the amount of real and personal property taxes actually levied in a given year

FISCAL YEAR: A twelve-month period commencing July 1, to which the annual budget applies and at the end of which a Town determines its financial position and the results of its operations.

FREE CASH: Unrestricted funds from operations of the previous fiscal year that are certified by the Director of Accounts as available for appropriation. Remaining funds include unexpended free cash from the previous year, receipts in excess of estimates shown on the tax recapitulation sheet, and unspent amounts in budget line-items. Unpaid property taxes and certain deficits reduce the amount that can be certified as free cash. The calculation of free cash is based on the balance sheet as of June 30, which is submitted by the town accountant. A community should maintain a free cash balance to provide a hedge against unforeseen expenditures. Maintenance of an adequate free cash level is not a luxury but a necessary component of sound local fiscal management. Credit rating agencies and other members of the financial community expect municipalities to maintain free cash reserves and make judgments regarding a community's fiscal stability, in part, on the basis of free cash. "Free Cash" is also referred to as "Available Funds".

OVERLAY: (Overlay Reserve or Allowance for Abatements and Exemptions) An account established annually to fund anticipated property tax abatements, exemptions and uncollected taxes in that year. The overlay reserve is not established by the normal appropriation process, but rather is raised on the tax rate recapitulation sheet.

OVERLAY SURPLUS: Unused, accumulated amount of the Overlay for various years, which may be voted for any lawful purpose and reverts to Free Cash at the end of each Fiscal Year.

RESERVE FUND: An amount set aside annually within the budget to provide a funding source for extraordinary unforeseen expenditures. The finance committee can authorize transfers from this fund for "extraordinary or unforeseen" expenditures. Other uses of the fund require budgetary transfers by town meeting.

STABILIZATION FUND: A fund designed to accumulate amounts for capital and other future spending purposes, although it may be appropriated for any lawful purpose. (MGL Ch. 40 § 5B). Towns may appropriate into this fund in any year by a simple majority vote. Any interest shall be added to and become a part of the fund. A two-thirds vote of town meeting is required to appropriate money from the stabilization fund.

SURPLUS REVENUE: The amount by which the cash, accounts receivable and other assets exceed the liabilities and reserves.

TOWN MEETING WARRANT: A written order calling an Annual or Special Town Meeting and containing a list of items to be acted upon. Warrants are posted at the official posting place.
