Seniors Aware of Fire Education

October is **FIRE SAFETY MONTH** and the topic is how to make and practice a home escape plan when your smoke alarm wakes you up.

Senior 
SAFE

First, make a HOME ESCAPE PLAN:

- Make a plan that includes TWO WAYS out of every room.
- Draw a floor plan of your house. Include doors, windows, halls, stairs and fire escapes. Use arrows to show escape routes — two ways out of every room.
- Make sure the windows in your plan open easily and are not painted shut.
- Keep pathways free of obstacles.
- Choose a MEETING PLACE safely outdoors.

Second, PRACTICE your home escape plan. Plans only work if practiced.

- Hold a FIRE DRILL at least twice a year; one day drill and one night drill.
- Plan on how to help anyone who may need to be assisted after the drill, make any necessary adjustments to your plan.

Third, WHEN THE ALARM SOUNDS:

- Get out of bed and go to your bedroom door.
- Feel the door with the BACK OF YOUR HAND.
- If it feels cool, open the door slowly. If the way out is clear of fire, get low and go.
- Do not open the door if it is hot. Go to your window, open it. If you can not get out safely, shout and signal for help. One of the first firefighters there will walk around the whole building, checking to see if someone is trapped.
- Once you are out, STAY OUT! Do not go back in.
- Call 911 from your cell phone.
- Go to your family MEETING PLACE.
- Let the firefighters know if everyone is safely out of the house.

Hope you never need your HOME ESCAPE PLAN. But having one which every one in your home knows, will make all the difference.

Have a great fire SAFE month,

--Worth Noyes, SAFE Educator
Williamsburg & Cummington Fire Departments

The Senior SAFE program is sponsored by many of your fire departments and the MA Dept. of Fire Services.

All Those Papers! Part 2

By Jean O'Neill

It is a myth that piles of paper will procreate. I think... I could be wrong. This note was hard to write – lots of individual situations. If I have missed something you are particularly interested in, let me know. A basic rule of thumb is to keep paper for a year unless you have a reason for longer. I know – a mealy-mouth answer. Another rule of thumb is anything that you deem important that would be hard to replace should be kept. This might include correspondence with the Social Security office on a specific matter.

Really Important Stuff. You could write this paragraph. Keep these indefinitely - birth and death certificates, marriage licenses, divorce decrees, adoption papers, Social Security card, property deeds, estate documents, and military discharge papers.

Banking. Keep either paper or electronic bank statements for a year. You might want some of them longer for convenience on reminders about an expenditure, but the bank keeps these electronically

October's Good News By Deb Hollingworth

The Good News this month is about changing of the guard. We have a **new SHINE counselor** for Highland Valley which includes our 7 hill towns! Her name is **Caroline Solan** and you can make an appointment to see her in person at Highland Valley (320 Riverside Drive in Florence). She will be working Wednesdays every week. Or you can call her there at **413-586-2000** and leave a message, or book an appointment for a phone call, or visit. Email works too. She can be reached at **csolan@lifepathma.org**.

The best way to reach Caroline depends on why you need to speak with her. If you have a "time sensitive" question, like an impending nursing home discharge, or a termination of coverage from your health plan, or questions about enrolling in a Medicare supplement because you have a new medical condition that you think might require hospitalization, the best strategy might be to email her. Because then she can get back to you as soon as she's able.

If you have questions about Open Enrollment and whether or not you should keep your current Medicare supplement plan or switch, then the best strategy might be to call Highland Valley and schedule a Wednesday appointment. Ask for the Intake department for a SHINE appointment.

When you call you will be asked for: your name, date of birth, zip code and reason you are calling. If you have MassHealth, then they should also ask for your MassHealth ID number which is on your blue MassHealth card. You may have to wait a while for an in person appointment. Asking for a phone call might be a shorter wait and sending an email might be the most expedient way to get in touch.

For folks who have issues with their MassHealth coverage and have home care services through Highland Valley: you can call and ask the Intake department if it's possible to leave a message for Scott or Oognah.

If you have MassHealth issues, but don't get homecare services from Highland Valley, you can contact Buliah Mae Thomas at the Hilltown Health Center: call 413-238-5511, or email **bthomas@hchcweb.org**

Remember you can always call your local senior center who will have all this information.

We are so lucky to have Caroline joining the SHINE team!

and you can retrieve them. Canceled checks can go after a year.

Bills. Our utility bills, phone bills and the like can be discarded after you verify they are paid.

Credit card receipts. After a purchase shows up and you verify it, you can usually discard the receipt. Keep it if needed for proof of purchase such as a warranty claim.

Insurance. Keep your active policy documents, and a year's worth of billings. Older billings can go away.

Investments. Inquire with your broker or whomever holds your investments. They may keep all the paperwork, or it may be your responsibility. If it is up to you, keep transaction items until the investment item is sold and the taxes settled.

Loans including Co-Signs. Paperwork for a loan should be kept until the loan is settled and any tax paperwork dealt with.

Property. You should hold records that relate to property until the period of limitations expires for the year in which you dispose of the property. In general, keep property papers for three years to allow some dust to settle.

Purchases. Keep receipts as long as the warranty period, and manuals as long as you have the item and it still works. Hope it's a long time...

Again, Whew!
